Attention: Human Resources Department:

I am writing in response to the job listing on your web site for a Mobile Portal Workflow Software Dev II (Requisition No. RE03028). After reading your job description, I know that my experiences and skills are a great match for this position.

I worked closely with a networking department to set up PKI authentication on their web servers. I also helped them install and configure a 5 server cluster to run some specialized software. I've helped maintain the internal and have guided or setup IIS configurations through my career. I would bring to your division a broad range of skills, including:

- 14 years of programming experience in various languages: .Net languages of ASP.Net, VB.Net and C# as well as C, C++, JavaScript, Python, Ruby and PHP
- 10 years of SQL databases (MS SQL Server, MySQL, SQLite, and Oracle)
- Work with Public Key Infrastructure (PKI) access control via Common Access Cards for applications
- IIS and server configuration

I would welcome the opportunity to further discuss this position with you. If you have questions or would like to schedule an interview, please contact me by phone at 859-257-8304 (work) or 859-428-8760 (cell) or by e-mail at trevor.w.ratliff@gmail.com. I have enclosed my resume for your review, and I look forward to hearing from you.

Sincerely,
Trevor Ratliff
