Trevor Ratliff

3201 Post Oak Ct
Lexington, KY 40517
July 18, 2013

Attention: Human Resources Department:

I am writing in response to the job listing on your web site for a Systems Application Developer (Requisition No. RE02208). After reading your job description, I know that my experiences and skills are a great match for this position.

I have programmed many systems that needed import and export routines. I've been able to connect web applications with 30 year old 'green screen' systems. I've handled the export of an in-house time keeping system to large 3rd party systems. I would bring to your division a broad range of skills, including:

- 14 years of programming experience
- .Net languages of ASP.Net, VB.Net and C# as well as C, C++, Python, Ruby, Perl and PHP
- 10 years of SQL databases (MS SQL Server, MySQL, SQLite, and Oracle)
- Multi-media skills with Flash and 3D modeling and animation

I would welcome the opportunity to further discuss this position with you. If you have questions or would like to schedule an interview, please contact me by phone at 859-257-8304 (work) or 859-559-4316 (home) or by e-mail at trevor.w.ratliff@gmail.com. I have enclosed my resume for your review, and I look forward to hearing from you.

Sincerely,

Trevor Ratliff
